University and author of
*The Distance Cure: A
History of Teletherapy*
(MIT Press, 2021)

Thursday

March, 30, 2023

3:30 - 4:45 PM

DeBartolo 207

What is the relationship between digital technology and psychic life? Our lives are mediated by digital technology in ever more pervasive ways. From targeted ads and micro-nudging to Zoom and AI chat bots, the screen is not limited to home, work, and school environments but has also spilled over into our therapeutics. This event brings together two scholars of technology and mental health to reflect on the nature of our digital attachments and “distanced intimacies” today.
